Our Products

Forex CFDs

Vantage provides traders access to over 40 forex pairs in the most liquid global markets. Experience an institutional level of trading through our deep liquidity pools and become an active trader in global markets.

Indices CFDs

Gain access to the biggest, most liquid stock exchanges around the world with our indices CFDs. Linked to our oneZero™ MT4 Bridge, Vantage provides fast execution speeds with our unparalleled access to the deepest liquidity available.

Share CFDs

Vantage is proud to offer clients access to 200 of the largest US, UK, EU, HK and AU listed companies through our share CFDs. Go both long and short in the world's biggest listed companies, at some of the lowest commissions in the industry.

Commodities CFDs

With a Vantage trading account, you will be able to trade precious metals such as soft commodities and energy CFDs. This includes among others Gold, Silver, Copper, Brent, WTI oil, Coffee, and more.

Cryptocurrency CFDs

Vantage clients can trade a wide range of cryptocurrency CFDs. You can take advantage of market opportunities on both the rise and fall of cryptocurrency prices in a market that is known for its volatility.

ETF CFDs

ETFs are tradable on the stock exchange, but with Vantage, you can use a derivative product called CFDs to speculate on price movements of the underlying ETF.

Access over 50 popular ETFs on Vantage and seize market opportunities by going long or short.

Bond CFDs

Bond CFDs mirrors the fixed income debt securities without requiring you to own the product itself.

Start from as little as 1 lot size with Vantage to kickstart your Bond CFDs trading while hedging your portfolio by going long or short.

Multiple Platforms

Vantage gives you access to a variety of trading accounts as well as world-class trading platforms

MT4 Platform

The MetaTrader 4 (MT4) platform is the most popular online trading terminal in the world. The platform is further supported by our deep liquidity pools, allowing traders using the Vantage MT4 platform to gain an edge on global markets. Trading on MT4 also offers flexibility to trade on the go, both on desktop or mobile.

MT5 Platform

The MetaTrader 5 (MT5) platform is the next generation of forex trading platform. An upgrade from the MT4, the MT5 can take your forex trading to the next level with Expert Advisors (EA), signals trading and most importantly, the ability to hedge positions.

Vantage App

The Vantage App offers traders easy mobile access to 1000 instruments, including CFDs on Forex, Indices, Shares, Commodities, Bonds, ETFs, and Cryptocurrencies. Available on both iOS and Android devices, our app enables you to open an account, manage your funds, and access a suite of trading tools so you can trade the global markets anywhere, anytime.
